**Melanie Ortiz** 7 months ago

Dear user, SJR is a portal with scientometric indicators of journals indexed in Scopus. SJR has no authority over the data of the journals; they are the ones that Scopus sends us.

SCImago Team

The metadata are property of Scopus. SCImago has a signed agreement that limits our performance to the generation of scientometric indicators derived from the metadata sent in the last update. We suggest that you contact Scopus through this link to report the inconsistencies or modifications that you want to make in SCImago:

SCImago Team

Dear Moh Toifur,

as you can find in website FAQs, journal has been cancelled from Scopus in 2016, it could be indexed again in 2018, but we cannot predict what Scopus will do.

Best regards,  
SCImago Team

**Elena Corera** 1 year ago

SCImago Team

Dear Andrew,

we suggest you talk to Scopus, they could solve your question.

Best regards,

## Call For Research Papers - 2020

International Journal of Scientific & Technology Research is an open access international journal from diverse fields in sciences, engineering and technologies that emphasizes new research, development and their applications.

Papers reporting original research or extended versions of already published conference/journal papers are all welcomed. Papers for publication are selected through peer review to ensure originality, relevance, and readability.

IJSTR ensures a wide indexing policy to make published papers highly visible to the scientific community.

IJSTR is part of the eco-friendly community and favors e-publication mode for being an online 'GREEN journal'.

**ONLINE SUBMISSION**

### CALL FOR PAPERS

We invite you to submit high quality papers for review and possible publication in all areas of engineering, science and technology. All authors must agree on the content of the manuscript and its submission for publication in this journal before it is submitted to us. Manuscripts should be submitted via online submission

### CALL FOR REVIEWERS

IJSTR welcomes scholars those are interested in serving as volunteer reviewers. Reviewers should indicate interest by sending their full curriculum vitae to us. Reviewers determine submissions that are of quality. Since they are expected to be experts in their areas, they should comment on the significance of the reviewed manuscript and whether the research contributes to

knowledge and advances both theory and practice in the area. Interested reviewers are requested to submit their CV and a brief summary of specific expertise and interests at [editorialboard@ijstr.org](mailto:editorialboard@ijstr.org)

#### **RESEARCH PAPER PUBLISHING POLICY**

IJSTR publishes articles that emphasizes research, development and application within the fields of engineering, science and technology. All manuscripts are pre-reviewed by the editorial review committee. Contributions must be original, not previously or simultaneously published elsewhere, and are critically reviewed before they are published. Papers, which must be written in English, should have sound grammar and proper terminologies.

#### **IJSTR PUBLICATION AIM & SCOPE**

IJSTR is an international peer-reviewed, electronic, online journal published monthly. The aim and scope of the journal is to provide an academic medium and an important reference for the advancement and dissemination of research results that support high-level learning, teaching and research in the fields of engineering, science and technology. Original theoretical work and application-based studies, which contributes to a better understanding of engineering, science and technological challenges, are encouraged.

## Publication Indexing - IJSTR

We submit all published papers to indexing partners. Indexing totally depends on content, indexing partner guidelines and their indexing procedures. This is the reason sometime indexing happens immediately and sometime it takes time. Publication with IJSTR does not guarantee that paper will surely be added indexing partner website.

The whole process for including any article (s) in the Scopus database is done by Scopus team only. Journal or Publication House doesn't have any involvement in the decision whether accept or reject a paper for the Scopus database and cannot influence the processing time of paper.
