Dear Dr. Sutikno:

Your manuscript entitled "A review of recent advances on hybrid energy storage system for solar photovoltaics power generation" has been successfully submitted online and is presently being given full consideration for publication in IEEE Access.

As a reminder, IEEE Access is a fully open access journal. Open Access provides unrestricted access to published articles via IEEE Xplore. In lieu of paid subscriptions, authors are required to pay an article processing charge of \$1,850 (plus applicable local taxes) after the article has been accepted for publication.

Your manuscript ID is Access-2022-03349. Please mention the manuscript ID in all future correspondence to the IEEE Access Editorial Office. Submitting authors can also view the manuscript status at any time by checking their author dashboard on the [IEEE Author Portal](#).

Thank you again for submitting your manuscript to IEEE Access.

Sincerely,

IEEE Access Editorial Office

Dear Dr. Sutikno:

Your manuscript entitled "A review of recent advances on hybrid energy storage system for solar photovoltaics power generation" has been accepted for publication in IEEE Access. The comments of the reviewers who evaluated your manuscript are included at the foot of this letter. We ask that you make minor changes to your manuscript based on those comments, before uploading final files.

Please be advised that you are **not permitted** to add or remove authors or references post-acceptance. However, we encourage you to check the formatting of your references to ensure that they are accurate in terms of bibliographic details as well as consistent with [IEEE style](#). Additionally, please take this opportunity to improve the English grammar and check spelling, as the article is only lightly edited before publication.

Please carefully read the instructions for submitting your final files below. If you have any questions about where to submit your final files please contact Samantha Jacobs at jacobs.s@ieee.org.

If your latest submission was submitted via the [IEEE Author Portal](#) (this applies to any manuscript initially submitted on or after Dec. 17) then you will also submit your final files through the [IEEE Author Portal](#).

If you did not use the IEEE Author Portal to submit this **accepted** manuscript, you will submit your final files through the [ScholarOne Manuscripts](#) (this applies to any manuscript initially submitted before Dec. 17).

All files intended for publication need to be submitted during this step, even if some files are unchanged from the initial submission. If you do not submit all files during this step, it can delay the publication of your article, or result in certain files not being published. **Please be advised that once you submit final files the article will be considered published and cannot be withdrawn.**

To assist you with preparing your final files, attached please find a Final Files Checklist.

Once you have completed the submission of your final files, the **accepted version** of your article will be posted Early Access on IEEE *Xplore* within 2-3 business days. Within 7-10 business days you will receive your page proofs, at which point you can make **minor** edits as necessary. Once you approve the proofs, the final version will replace the Early Access version on IEEE *Xplore*.

For more information on what to expect after you submit final files, please visit our [Post Acceptance Guide](#).

After you submit final files you will automatically be directed to the Electronic Copyright Form. Once the copyright information is completed, within a few business days you will receive an email from Copyright Clearance Center (CCC) to settle your APC balance of \$1,850 USD plus applicable local taxes by check, credit card, or wire transfer. **Please note that once you submit final files your article is considered published, and you are responsible for covering the cost of the APC.** If you need assistance with the payment process, please contact CCC Customer Service at IEEEsupport@copyright.com.

Thank you for your fine contribution. On behalf of the Editors of IEEE *Access*, we look forward to your continued contributions to IEEE *Access*.

Sincerely,

Dr. S. K. Panda
Associate Editor, IEEE *Access*

Dear Dr. Sutikno:

Thank you for submitting the final files of your manuscript entitled, "A **review of recent advances on hybrid energy storage system** for solar photovoltaics power generation". The documents are being transferred to the IEEE production staff for publication in IEEE Access. The accepted version of the article will be published in Early Access on IEEE Xplore within 2-3 days. Once the article is in Early Access, it is considered published and cannot be withdrawn.

You will be receiving an email in the next few days with instructions for accessing the IEEE Author Gateway, which is the online portal where you can track your manuscript through the production/publication process. You will receive page proofs from the production team within 7-10 business days after submitting final files. The corresponding author is responsible for making sure that all coauthors carefully **review** the page proofs and provide any necessary changes prior to providing approval.

Once the proofs are approved, the Early Access version of the article will be replaced by the final, approved version on IEEE Xplore. Once an article is published on IEEE Xplore, it cannot be edited or withdrawn.

Once the copyright information is completed, within a few business days you will receive an email from Copyright Clearance Center (CCC) to settle your APC balance of \$1,850 USD plus applicable local taxes by check, credit card, or wire transfer. Please note that once you submit final files your article is considered published, and you are responsible for covering the cost of the APC. If you need assistance with the payment process, please contact CCC Customer Service at IEEESupport@copyright.com.

For more information on what to expect after submitting final files, please visit our [Post Acceptance Guide](#).

Thank you again for your fine contribution to IEEE Access.

Sincerely,

Miss Sweta Satapathy

Dear Tole Sutikno:

In order to ensure IEEE delivers the best possible services to its Open Access authors, we are looking for your feedback about your experiences publishing "A review of recent advances on hybrid energy storage system for solar photovoltaics power generation." Thank you for your participation in this survey. Most of the questions will ask for specific responses or choices. You will also have several opportunities to express your opinions in your own words.

Your response to this survey is very important. All responses will be kept confidential and will only be reported on at the aggregate level.
