Dear Authors,

in July 2017 we have sent you a referee report on your manuscript "On class of lambda-modules" (I attach both files for your reference). We still did not get a revised version of your manuscript. Would you be so kind to inform us if you wish to withdraw your submission from consideration, so we could close the issue.

Sincerely yours,  
Olena Vaneeva  
Managing Editor of the Ukrainian Mathematical Journal

Dear Prof Olena Vaneeva

I apologize for this delay response. I have asked Prof. Indah Emilia Wijayanti, the corresponding author, about this manuscript couple days ago.

Please kindly wait for her response. I will remind her again.

Thank you very much.

Dear Professor Wijayanti,

Thank you for your letter.

The reviewer asked you to correct 3 misprints.

The list of misprints is as follows:

- (1) Article title, "On class of modules" needs to be replaced by "On a class of lambda-modules"
- (2) Abstract, page 1, line 1, "rings" needs to be replaced by "ring"
- (3) 1. Introduction, page 1, line 11, "residu" needs to be replaced by "residue".

So, we do hope that three weeks is enough for such minor revision.

We will wait for your manuscript till the end of February.

With best wishes,

Olena Vaneeva
