Here we attach the list of suggestions from the reviewer :	gemaanjanil
Reviewer A:	2022-05-15 01:45 PM
Resubmit for Review	
Reviewer B:	
Thank you for this work as I go through this work I can see there is much-missing information and the article is so short. I completely agree with the authors that the vitamin D is vital for glucose metabolism but the no links how these carrier will act on a molecular base	
Recommendation: Resubmit for Review	
Reviewer C:	
Title has to be re-written.	
<ul style="list-style-type: none"><li>The article is original.</li><li>Also, the topic is very interesting.</li><li>The research question is properly outlined.</li><li>The authors give no clear conclusions section.</li></ul>	
Recommendation: Revisions Required

Recommendation: Resubmit for Review

Reviewer C:

Title has to be re-written.

- The article is original.
- Also, the topic is very interesting .
- The research question is properly outlined.
- The authors give no clear conclusions section.

Recommendation: Revisions Required
